Ethos and Values Statement**

At Bromley Trust Academy we believe in securing the best for all and inclusion and cohesion are at the heart of the ethos at our schools. We aim to raise standards by promoting an ethos which is underpinned by core values that support the development of the child as a reflective learner. We strive to ensure that everything we do has a positive impact on our pupils.

We are proud of our record in promoting equality of opportunity for all and we try to create a happy, secure and stimulating learning environment in which all members of the school community can grow in confidence and develop their full potential. In addition to the good progress of all groups of students success is also demonstrated with the reintegration of our students into an appropriate learning pathway.

Our school community believes in (we live our lives by the) maxim that we 'decide' our own futures. The letters 'Decide' stands for:

Discover – every day we try to discover new things  
Endeavour – try hard everyday  
Community – believing in our communities and being leaders there  
Independence – become independent learners  
Decisions – making sensible decisions  
Everyday – doing all of the above, everyday

By focusing on our ethos and values we will prepare our pupils for a life in the modern day society where they have the opportunity to go to university, to secure employment, to be leaders in their communities and to live a happy family life.
